Okada Manila Releases 2024 ESG Report

Okada Manila has gone beyond hospitality and gaming to make a meaningful difference through its environmental, social, and governance initiatives as outlined in its 2024 ESG Report.

MANILA, 26 May 2025 – [Okada Manila](#), the country’s premier integrated resort, has released its 2024 Environmental, Social, and Governance (ESG) Report, showcasing its year-round efforts to protect the environment, support Filipino communities, and uphold responsible business practices through its flagship Okada Green Heart program.

The report outlines how Okada Manila has gone beyond hospitality and gaming to make a meaningful difference through its ESG initiatives. These efforts are part of the resort’s mission to help shape a more sustainable and inclusive future for the Philippines.

Six Pillars of Purpose: What the Okada Green Heart Program Stands For

Okada Green Heart is the resort's long-term sustainability commitment anchored on six main pillars. Each pillar supports measurable programs that reflect Okada Manila's values of excellence, community care, and environmental stewardship.

Under **Waste Management**, the Forbes 5-Star integrated resort has recycled more than 1.37 million plastic bottles by shifting to Nordaq's in-house water bottling system, using reusable glass containers, and has diverted over 14,000 kilograms of plastic packaging waste in partnership with PETValue Philippines. Through programs like Soap for Hope and Linen for Life, the resort helped provide 200 livelihood opportunities for marginalized communities using repurposed hotel waste. The Food Rescue Project also provided over 10,000 surplus meals to those in need.

For **Energy Efficiency**, the resort became the first in Entertainment City to offer electric vehicle (EV) charging stations, while reducing its own energy consumption by switching to 100% LED lighting and installing smart, energy-saving systems across guest rooms and back-of-house areas. In **Water Conservation**, Okada Manila achieved zero wastewater discharge into Manila Bay.

Okada Manila continues to invest in Filipino talent through its **Talent and Community** pillar, welcoming over 400 student interns and offering regular health and wellness programs for its employees, including cervical cancer screenings, mental health support, and blood donation drives. The resort also brought vital healthcare to remote areas, serving 648 residents of Talim Island in a joint medical and dental mission with the Philippine Coast Guard.

On the **Safety, Security and Welfare** front, Okada Manila's fire brigade was once again named Overall Champion at the 2024 11-in-1 National Fire Brigade Competition, proving its top-tier emergency preparedness and training. The resort also strengthened its **Responsible Gaming** efforts by sponsoring the country's first International Conference on Responsible Gambling and Gaming Addiction.

The Okada Foundation: Giving Back with Heart

The Okada Foundation, Inc. (OFI) continued to lead meaningful outreach programs nationwide. In 2024 alone, OFI donated PHP 60 million to the Philippine Red Cross to help build a new headquarters in Cavite, and provided PHP 3 million to the Museo ni Miguel Malvar in Batangas to preserve Philippine history.

Through its Food Share Program, OFI supported communities in Laguna, Quezon, and Parañaque, helping over 240 families grow their own food and improve their nutrition and income. The foundation also received the Philippine Red Cross' Most Outstanding Humanitarian Award for its role in the country's pandemic recovery—having provided over PHP 250 million in health-related donations since 2020.

Forging Ahead: A Greener, Stronger 2025

Okada Manila has consistently aligned its sustainability efforts with the United Nations' 2030 Agenda for Sustainable Development. In 2025, we are focused on sustaining the momentum and progress achieved in 2024—strengthening our commitment to environmental responsibility and community impact. We continue to enhance recycling and food waste reduction efforts, advance water conservation, and broaden access to wellness programs and livelihood opportunities for our team members and surrounding communities.
