First in the Philippines: Okada Manila Unveils New Game Zone with 70 Slot Machines

New gaming destination features six game families from AGS and Aruze Gaming Global, complemented by immersive LED displays for an enhanced guest experience

MANILA, Philippines — October 25, 2026 — Okada Manila has unveiled the Philippines' first dedicated New Game zone, also the first in Asia, as part of a new 70-machine Game Zone at Pearl Lobby. Bringing together six featured game families from AGS and Aruze Gaming Global, the opening gives guests a new destination to explore international slot titles in one accessible location.

Strategically located at the entrance of Pearl Lobby, the Game Zone welcomes guests as they enter the gaming floor, placing the new attraction in a prominent and accessible setting. The area has also been upgraded with new LED screens featuring immersive visual content, creating a more dynamic atmosphere that complements the expanded selection of games. Together, these enhancements reflect Okada Manila's continued investment in elevating the guest experience and reinforcing its position as a preferred entertainment destination in Manila.

Featuring 35 machines from each provider, the New Game Zone brings together six total featured slot game families with distinct themes, interactive bonus features, and jackpot opportunities. The selection includes *Legends of Imperial 88®*, *Triple Coin Treasures®*, and *Rakin' Bacon!® Triple Oink* from AGS, alongside *Triple Treasure Pot Spin*, *Cash Master Blaster*, and *Horrorific!* from Aruze Gaming Global.

By bringing these titles together in one dedicated location, Okada Manila offers guests more opportunities to explore different game styles and discover new favorites. The launch also underscores the resort's commitment to refreshing its gaming offerings through collaborations with established international gaming providers.

"We want players to be able to say they played it first at Okada Manila. By bringing together new titles from AGS and Aruze Gaming Global in a dedicated gaming area, we are giving our guests more opportunities to discover something new while enhancing the overall gaming environment with immersive visual experiences. It's another way we continue to evolve the guest experience and give visitors more reasons to explore Okada Manila," said Rick Colman, Vice President of Electronic Gaming Operations of Okada Manila.

The collaboration brings together the portfolios of two international gaming providers, broadening the selection available to guests while providing both companies with a platform to showcase their games at one of the Philippines' leading integrated resorts.

“The opening of the first dedicated AGS zone in Asia marks an important milestone in the brand’s development across the region, made possible through our partnership with Okada Manila. With a selection of popular AGS titles brought together in one place, guests can explore more of our portfolio in a dedicated setting. We are pleased to be part of this milestone and look forward to continuing our collaboration with Okada Manila,” said Deric Goh, Director of Mindslot-e, the exclusive distributor of AGS in Asia.

“We are proud to partner with Okada Manila to bring our latest gaming innovations to its world-class gaming floor. This collaboration represents an exciting opportunity to introduce Aruze Gaming Global’s distinctive game titles to a diverse audience of local and international guests, while creating fresh opportunities for discovery and engagement. We look forward to working with Okada Manila to deliver memorable gaming experiences that reflect our shared commitment to innovation and guest enjoyment,” said Matthew Lai, Business Development & Operations Advisor, Aruze Gaming Global.
